OBJECTIVE

Dedicated, enthusiastic and innovative Software Developer with 1.6 years of experience, passionate about coding and proficient in creating innovative solutions, Self-motivated and reliable candidate successful at managing multiple priorities with a positive attitude.

TECHNICAL SKILLS

Technologies and Programming Languages :
HTML5, CSS3, Bootstrap, Ajax, JQuery
Python3, PHP, JavaScript, MySQL
Django, CodeIgniter, Zend

Other Technical Skills:
Git, Web Services (RESTful API), Postman

PROFESSIONAL EXPERIENCE

GetePay / eShiksa (Futuretek Commerce Pvt. Ltd.)   **Nov 2022 - Present**
Software Developer

Project Name - eShiksa, Fee-Forms, Form-Builder
- Developed a new fee payment portal for Arunachal School.
- Utilized JavaScript, AJAX, and other programming languages, to successfully develop a variety of applications.
- New functionality created to make work easier for applications using HTML, CSS, JavaScript, PHP and MySQL.
- Constructed REST APIs for mobile applications and collaborated with the UI team..
- Managed website updates to align with corporate requirements.
- Applied effective time management strategies to meet tight project deadlines.
- Conducted rigorous testing and debugging to ensure high-quality performance.

Project Name - UP State Medical Faculty
- Implemented a new functionality that adds multiple forms with replicated fields similar to the previous form. This enhancement streamlined the data entry process and improved overall efficiency.
- Established inventory control by extracting information from the supplier's database and retrieve fee details from our company's database.
- Create a user authentication and authorization for secure access.
- Implemented a robust fee calculation system for multiple students in a consolidated form structure.
- Developed and implemented a comprehensive project using HTML, CSS, JavaScript, AJAX, MySQL and PHP, showcasing proficiency in front-end and back-end technologies.
- Achieved an enhanced user experience and improved functionality through these developments.
- Conducted rigorous testing and debugging to ensure high-quality performance.
- Performed extensive testing and debugging to ensure optimal performance.

Project Name - IMAMS, Portfolio
Technologies Used: Python, Django, HTML, CSS, Bootstrap, JavaScript.
- The project demonstrates a solid understanding of Django web development and serves as a practical showcase of Python programming skills.
- Developed a dynamic portfolio website using Python Django, showcasing my skills and projects in a visually appealing and user-friendly manner. Implemented a responsive design to ensure optimal viewing across various devices.
- Integrated Django templates to dynamically display project details and achievements.
- Implemented a contact form for potential clients and collaborators to reach out.

VGT Private Limited   **July 2021 - Sept 2021**
PHP Web Developer
Project Name - Attendance Management System
- Established a robust authentication system to ensure secure and controlled user access within the project.
- Designed and Developed an intuitive dashboard for administrators to manage classes and view attendance reports.

Project Name - Hospital Management System
- Authentication for User and Admin.
- Participated in team projects, demonstrating an ability to work collaboratively and effectively.

Celebal Technology **May 2021 - June 2021**

Web Developer

<u>Project Name</u> - Travel Suggestion

- Attended development programs to gain competencies and boost skills set
- Proven ability to learn quickly and adapt to new situations
- Used strong analytical and problem-solving skills to develop effective solutions for challenging situations

---

EDUCATION

Poornima Institute of Engineering and Technology **July 2018 - July 2022**

Bachelor of Technology, Computer Science | Jaipur, Rajasthan

Shekhawati Sr.Sec. School **July 2015 - July 2017**

Higher Secondary Education | Sikar, Rajasthan

- Percentage: 82
- Awarded [Above 80 category]

CERTIFICATIONS AND WORKSHOP

- Python
- PHP Web Development
- Java
- Android Studio
- Google Garage

EXTRACURRICULAR ACTIVITIES

Captain, Student Council's

Poornima Institute of Engineering and Technology

Member, Coding club
